

## What is being said about us...

*"Word is getting out your organization can make things happen. Too often people/organizations say they will help veterans but ultimately do not. This organization is one that has already achieved remarkable results."*

John T. Furlow, Major General, USA (Retired)

*"The citizens of the 10<sup>th</sup> District of North Carolina are very grateful for the hard work of the Veterans Legacy Foundation. If it weren't for their thorough research, many of our local veterans would have never received the medals, honors and decorations that they so sincerely deserve. The Veterans Legacy Foundation is a truly patriotic organization and we could not be more honored by our partnership with them."*

Patrick McHenry, Member of Congress (NC)

*"Without your assistance, a necessary ingredient of being an American citizen would be missing, the knowledge of the unselfish service and sacrifice of our men and women who proudly wore, and those who now proudly wear, the uniforms of the Armed Forces of the United States of America"*

Commander, American Legion Post 346

*I have witnessed the results of (their) research and the follow on presentation of awards to family members. The family members are so appreciative to have their loved ones recognized for their heroic and professional service to our country.*

Robert D. Springer, Lt. General, USAF, Retired

*"Having read about the new Veterans Legacy Foundation and now having experienced the fruits of your labor, I have to tell you how impressed I am such a wonderful organization exists."*

Tom Hinnant, WWII veteran and recent recipient of the Bronze Star Medal

*"Thank you again for all veterans for your work in having veterans receiving long overdue recognition of their service."*

Commander, American Legion Auxiliary Unit 01, Sidney Australia

*Protecting and honoring our veterans is a mission that is very near and dear to my heart. That's why I'm proud to support the Veterans' Legacy Foundation and the important work they are doing to recognize the efforts of our veterans and ensure that they are honored for their service and awarded accurately.*

*We must never forget their sacrifices and live each day as a tribute to their bravery while continuing to protect the freedoms they fought to maintain for future generations. May God bless our troops, our veterans, and continue to bless our great nation.*

Renee Ellmers, Member of Congress (NC)

*Countless veterans and their family members are indeed indebted to the Veterans' Legacy Foundation for helping preserve and promote the historical legacy of our nation's service men and women. Your passion and hard work on behalf of all veterans everywhere has made an extraordinary difference in restoring their full record of sacrifice and heroism in service to our country. Your skillful research team has been invaluable in finally securing the recognition that our veterans undoubtedly deserve, and I am tremendously grateful for our partnership.*
